

GRIPMAX CLAY • HEAVY-DUTY INDUSTRIAL HAND CLEANER

GREASE DOESN'T STAND A CHANCE. NEITHER DO CRACKED HANDS.

One 30-second wash takes off engine grease, carbon, cutting oils and adhesives — using a plant-derived degreasing system and natural abrasives that clean hard and treat skin properly.

THE 30-SECOND CYCLE, DRAWN TO SCALE

0s	5s	25s
APPLY 5 s	SCRUB 20 s	RINSE 5 s

Apply to DRY hands • total 30 s • typical for common industrial soils

30s CLEAN TIME	4-5 WASHES PER SHIFT	0 PLASTIC MICROBEADS	500g PUMP BOTTLE
--------------------------	--------------------------------	--------------------------------	----------------------------

WHAT IT TAKES OFF

Engine grease	Transmission oil	Hydraulic fluid	Carbon soot	Brake fluid	Cutting oils	Lubricants
Printing inks	Paint	Adhesives	Bitumen	Crude residue		

STOP WASHING HANDS WITH PETROL

Petrol and kerosene strip the skin's oil barrier — dryness, cracking, then dermatitis — and they sit in an open tray beside a welding bay. GRIPMAX Clay cleans at comparable speed, conditions skin as it works, and carries no flammability risk in normal use.

WHAT WE LEAVE OUT

No plastic microbeads	No petroleum distillates
No CMIT / MIT	No added BHT

WHAT'S INSIDE

PLANT-DERIVED DEGREASING SYSTEM A bio-based solvent system that dissolves petroleum grime on contact, without the petroleum distillates that defat skin.	PLANT-BASED CLEANSING BASE Readily biodegradable, lifts soil from skin and holds the formulation together as one stable cream.	VOLCANIC PUMICE Natural mineral abrasive doing the mechanical work, lifting grime from skin texture and around the nails.
WALNUT SHELL GRANULES Biodegradable abrasive from an agricultural by-product. Cleans thoroughly without micro-tears.	MINERAL CLAY COMPLEX Gives the creamy body and absorbs oily soil as you scrub, so grime leaves with the rinse.	SKIN-CONDITIONING ACTIVES Humectant and soothing actives hold moisture in, so repeated daily use doesn't dry the skin.

AGAINST WHAT YOUR FLOOR USES TODAY

	GRIPMAX CLAY	REGULAR SOAP	PETROL / KEROSENE	IMPORTED BRANDS
Removes industrial grease	~30 s	Barely	Slow	Yes
Safe on skin, repeated daily	Conditioning	Ineffective	Dermatitis	Yes
Fire risk in use	None	None	Serious	None
Cost per wash at bulk	Indian pricing	Cheapest	Cheap	Expensive
Bulk availability in India	500 g – 4 kg	Yes	Yes	Hard to source
